SUMMARY

Fourth-year Software Engineering undergraduate at SLIIT (2023–Present) with a Diploma in Information Technology and completed internship experience in web development. Skilled in frontend development and UI/UX design, with hands-on experience building responsive web applications. Strong problem-solving, analytical, and communication skills. Fluent in Sinhala and English, seeking a web development role to contribute to real-world projects and further develop technical expertise.

EDUCATION

BSc (Hons) in Information Technology Specializing in Software Engineering

Sri Lanka Institute of Information Technology

03/2023 - Present

CGPA: 3.39/4.00

GCE Advanced Level - Physical Science Stream (Jan 2023)

GCE Ordinary Level (Dec 2019)

Sujatha Vidyalaya Matara

WORK EXPERIENCE

Intern Web Developer

Affixtro (Private) Limited - Matara

08/2025 – 02/2026

TECHNICAL SKILLS

Design & Prototyping: Figma, Adobe XD, Sketch, Wireframing, Prototyping, Motion UI

Programming Languages: JavaScript, Typescript, HTML, CSS, SQL, Java, PHP, Kotlin, XML

Frameworks & Libraries: React.js, Next.js, Tailwind CSS, Node.js, Express.js

Tools & Platforms: GitHub, VS Code, MongoDB, MySQL, Android Studio, Eclipse, Firebase

PROJECTS

The Redison Blue [GitHub](#) [Live Demo](#)

01/2026

- Designed and developed The Redison Blue, a responsive hotel website featuring a landing page, services, room selection, about, and contact sections with smooth animations and modern UI.
- Technologies: React, Tailwind CSS, TypeScript, Framer Motion

Caféra Cafe [GitHub](#) [Live Demo](#)

01/2026

- A responsive cafe website showcasing modern UI design, smooth animations, and frontend best practices.
- Technologies: React, Tailwind CSS, TypeScript, Framer Motion

Restaurant Website UI [Figma](#)

01/2026

- Designed a user-centric restaurant website UI with a structured homepage, categorized menus, and clear product views to improve discoverability and ordering clarity.

Travel Website UI [Figma](#)

01/2026

- Redesigned the travel website UI to improve visual appeal, navigation, and user flow while aligning with client brand goals.

Cupcake Animation Motion UI Concept [Figma](#)

11/2025

- Created a playful cupcake animation featuring a smooth upward rise, soft bounce motion, and frosting reveal to add a delightful micro-interaction effect.
- Tools & Skills: Figma, Smart Animate, Motion UI, Vector Illustration, Micro-interactions

Skincare Mini E-Commerce Store [GitHub](#) [Live Demo](#)

10/2025

- Designed and developed a Skincare Online Store System, full-featured web platform for both clients and admins with secure authentication, product browsing, shopping cart, order management, and an integrated admin dashboard for product, order, and revenue management. - Technologies: React, Tailwind CSS, JavaScript, Firebase	10/2025
Smart Industry Management System (Client Project) GitHub - Designed and developed WorkSense IoT, a smart workplace monitoring system providing real-time hazard alerts, asset tracking, task management, and employee operations via a unified dashboard. - Technologies: ESP32, MQTT, Node.js, PostgreSQL, React, Tailwind	
Online Gym Supplement Store GitHub - Designed and developed an online gym supplement store with user shopping features and an admin panel for product, order, and inventory management. - Technologies: MERN Stack, Tailwind CSS, JavaScript	07/2025
Gym Management System (Client Project) GitHub Figma - Designed and developed a fully responsive Gym and Fitness Management System with secure user authentication, subscription plan management, online payments, attendance tracking via QR code and training session scheduling. - Tools & Technologies: Figma, MERN Stack, Tailwind CSS, JavaScript	07/2025
Event Management System GitHub - Developed a Java/MySQL-based Online Event Planning System with comprehensive admin controls, integrated shopping cart functionality, and a smooth user interface. - Technologies: Java, CSS, JavaScript	09/2024
Personal Finance Tracker GitHub Figma - Designed and developed a personal finance Android app with income/expense tracking, budgeting, spending insights, smart notifications, and data persistence. - Tools & Technologies: Figma, Kotlin, XML, Android Studio, Shared Preferences	04/2025
Melting Popsicle Motion UI Concept Figma - Designed a “Melting Popsicle” motion UI concept in Figma using custom blob shapes, gradient styling, and Smart Animate to create smooth, playful brand interactions. - Tools & Skills: Smart Animate, Gradient Styling, Custom Blob Shapes, Motion UI	09/2025

EXTRA CURRICULAR ACTIVITIES

Taekwondo National Level Player Represented Sri Lanka and won national gold medals every year since 2018	2018 – Present
Taekwondo Assistant Coach Sri Lanka School Taekwondo Federation Matara District Taekwondo Association	2024 – Present
